

Week-at-a-Glance

Weekly Theme 6: Reviewing Safety Skills

Learn

This week children will review rules and the Ways to Stay Safe.

Help children understand:

- Following the rules helps them stay safe:
 - Safety Rules
 - Always Ask First Rule
 - Touching Rule
- Using the Ways to Stay Safe helps them stay safe:
 - Stop and think: Is it safe? What's the rule?
 - Tell a grown-up.
 - Say words that mean no.

Practice

This week, help children practice these skills.

Say:

- Is it safe?
- What's the rule?
- Stop, that's not safe.
- I need to ask first.
- Please don't touch me.

Do:

- Notice if something is safe.
- Tell grown-ups about broken rules.
- Be assertive to say words that mean no:
 - Face the person
 - Use a strong, respectful voice

Reinforce

This week, reinforce using the Ways to Stay Safe and following the rules:

Molly, you noticed it wasn't safe for Alex to use the big, sharp scissors by himself. You told me so I could help him. That's using the Ways to Stay Safe and following the rule about sharp tools!
